

# ST-150

## Seam Tracker

The ProArc ST-150 is an efficient mechanized welding seam tracker that ensures precise and consistent welds. It can be integrated into various welding equipment and is suitable for large workpieces. The tracker ensures the welding arc remains stable and consistent throughout the welding process.

### Features

- Intuitive graphical user interface
- Auto joint/weld seam search
- Auto track detection
- Programmable end of weld
- Contactor to enable power source
- Operator to manually control the weld-head position using the probe

Model	Unit	ST-150
Power input		1Ø 100~240VAC 50/60Hz
Slide payload	kg	25
Stroke (X x Z axis)	mm	150 x 150
Dimension (L x W x H)	mm	490 x 350 x 520
Control box dimension (L x W x H)	mm	285 x 200 x 215
Weight	kg	18
